Fc Mediated Activity of Antibodies

Structural and Functional Diversity

 Springer

Contents

IgG Fc Receptors: Evolutionary Considerations	1
Stylianos Bournazos	
Role of FcγRs in Antibody-Based Cancer Therapy	13
Robert F. Graziano and John J. Engelhardt	
Anti-inflammatory Activity of IgG-Fc	35
Christopher Beneduce, Elma Kurtagic and Carlos J. Bosques	
IgG Fc Glycosylation in Human Immunity	63
Taia T. Wang	
IgE Glycosylation in Health and Disease	77
Kai-Ting Shade, Michelle E. Conroy and Robert M. Anthony	
Immune Complex Vaccination	95
Yu-mei Wen and Yan Shi	
Fc Receptors in Antimicrobial Protection	119
Andreas Wieland and Rafi Ahmed
